

I'm Sailing I'm Sailing

Muriel Anderson

Never thought I'd be many days on the open sea I'm Sailing I'm Sailing
Never thought I'd say life is once again my way I'm Sailing I'm Sailing
Out on the sea, let me be far away where troubles never find me

I was always shy, never took the chance but in my dreams I was sailing
Never thought I'd try something so unusual like running away with you, oo
Sailing free, far away where troubles never find me

Isn't it a fact, just when you think you've got it all under your hat
Life takes one left turn, and love is on the way
Ever on the sea, winds will change when 'ere they please
That's something I have learned, while

Sailing, sailing I'm Sailing, sailing, I'm sailing,
far away where troubles never find me
I'm sailing I'm Sailing, I'm sailing, I'm sailing, away

T's lyrics

On land leaves are heavy with dew, about to break at the stem
That is when
In the sky behind the hazy clouds the stars are hiding,

What happened to the stars, I know I'll see them while
I'm Sailing I'm Sailing

What happened to my dreams, my inner child needs
Something like Sailing

Out on the sea, let me be far away where troubles never find me
